OVERVIEW

LIMITATIONS OF THE QUICK REFERENCE GUIDE

The Quick Reference Guide is designed to provide information on the basic operation and key features of the navigation system and Entune™ (apps and data services). The Quick Reference Guide is not intended as a substitute for the Navigation Owner's Manual. We strongly encourage you to review the Navigation Owner's Manual, the quick reference guide and visit www.toyota.com/entune so you will have a better understanding of all your vehicles features and controls.

BASIC OPERATION

- AUDIO Button**
Set the radio station presets, adjust the balance and tone controls.
- ZOOM IN/ZOOM OUT Icons**
Touch to magnify or reduce the map scale.
- SETUP Button**
Adjust preferences for general settings, voice, navigation, vehicle maintenance, phone, bluetooth and audio.
- MAP/VOICE Button**
Repeat the last voice guidance prompt, cancel the map scrolling feature, or display the current position.
- DESTINATION Button**
Input the destination by one of several methods.
- INFO/APPS Button**
Access apps, fuel consumption, traffic, fuel prices, sports, stocks, weather and map data.
- CURRENT VEHICLE POSITION Mark**
Indicates the current position of the vehicle and its directional heading.
- NORTH-UP OR COMPASS MODE Icon**
Touch to change the map display between North-up or Head-up perspectives.

CONNECT A BLUETOOTH PHONE

Pairing your phone is the first step in connecting with your Toyota for hands-free calling and for audio streaming via Bluetooth. The pairing process is quick and easy: all iPhone mobile digital devices and Android smartphones have Bluetooth integrated; all you have to do is setup the phone and multimedia system to "talk" to each other and form a connection. To get started, ensure that **your phone Bluetooth setting is turned on**, then follow the steps below.

step 1 Press on the faceplate followed by . Verify that the Bluetooth feature on the phone is ON and is in discoverable mode.

step 2 If necessary, input the passkey listed on the screen into the approved Bluetooth cell phone. Please refer to the cell phone manufacturer's user guide for pairing procedures.

step 3 Upon connection, the system will indicate that the pairing process was successful.

Quick Tip – Up to five Bluetooth cell phones can be paired. However, only one Bluetooth cell phone can be used at a time.

CALLING BY VOICE RECOGNITION

DIAL BY NUMBER

step 1 Press on the steering wheel. After the beep say, "Use the Phone."

Quick Tip – If you know your next command, you can press at any time to interrupt the prompt. Speak your command after the beep.

step 2 After the beep say, "Dial <number>." Say the phone number digits individually, without pausing (e.g. "Dial Three, one, zero, four...").

Quick Tip – You can skip Step 1 and say Dial commands immediately from the Shortcut Menu.

step 3 After the beep, say "Dial" or press on the steering wheel.

step 4 Call is active when is indicated. To end call, press on the screen or on the steering wheel.

Some Bluetooth® equipped cell phones may or may not show battery or signal strength on the display.

Quick Tip – It is recommended that you reduce background noise prior to using the Voice Recognition system. Conversation, high fan speed, wind noise (open windows), etc., may prevent the voice recognition system from understanding your commands.

CALLING BY VOICE RECOGNITION

DIAL BY NAME

If you are able to successfully transfer your phone book, you can dial by name using voice recognition. Please say the name exactly as it is entered in your phone when in the telephone screen. If you have difficulty pairing your phone, or are unable to transfer your cell phone book, please refer to the cell phone manufacturer's user guide.

step 1 Press on the steering wheel. After the beep say, "Use the Phone."

Quick Tip – If you know your next command, you can press at any time to interrupt the prompt. Speak your command after the beep.

step 2 After the beep say, "Call <name>." Please say the name exactly as it is entered in your phone.

Quick Tip – You can skip Step 1 and say Dial commands immediately from the Shortcut Menu.

step 3 After the beep, say "Dial" or press on the steering wheel.

step 4 Call is active when **Talking** is indicated. To end call, press on the screen or on the steering wheel.

DESTINATION INPUT

BY ADDRESS

step 1 Press **DEST** on the faceplate followed by on the steering wheel.

step 2 Touch and move to step 4. To change State/Province, touch and move to step 3.

step 3 Select the desired State/Province.

step 4 Input the city name.

step 5 Touch the desired city name.

step 6 Input the street name and touch .

Quick Tip – Enter the street name without prefixes such as North or the letter N. The system will display the base street name without prefixes or suffixes on the next screen.

DESTINATION INPUT

BY ADDRESS

step 7 Touch the desired street name.

step 8 Input the house number and touch .

step 9 Touch .

step 10 Touch  followed by .

step 11 Select the desired Route Preferences and touch  to confirm selection. See page 15 for route selection.

step 12 Touch  to start route guidance.

DESTINATION INPUT

NOTE ON VOICE RECOGNITION

The navigation system's voice recognition feature will compare your spoken words with computer-generated word patterns preprogrammed in the database. If the system does not provide your intended match, please try a different pronunciation. Voice-activation names are not available for every street and city.

TIPS FOR USING VOICE RECOGNITION

tip 1 A large TALK icon  will illuminate on the NAV screen to signal when to speak your command.

tip 2 Have the full and correct address in mind. The system will ask for the state, city, and street name followed by the house number as separate inputs.

tip 3 Before using voice recognition, roll up all windows and set the climate control fan on low or off to reduce background noise in the cabin.

tip 4 Speak at a normal volume and pace, and pronounce words clearly.

tip 5 Streets should be spoken without prefixes or suffixes. Street names should be spoken as in these examples:
1st Street, say: "First"
E 15th Street, say "Fifteenth"
190th Street, say "One hundred ninetieth"
Point Court, say "Point"

tip 6 Say a street address number as single digits. Examples:
125, say: "One two five"
2000, say: "Two zero zero zero"
32307, say: "Three two three zero seven"

BY ADDRESS-VOICE RECOGNITION

step 1 Press  on the steering wheel. After the beep say, "Enter an Address."

step 2 After the beep say the city name or, "Change state" to search in another state.

Quick Tip – If you know your next command, you can press  at any time to interrupt the prompt. Speak your command after the beep.

DESTINATION INPUT

BY ADDRESS-VOICE RECOGNITION

step 3 After the beep say the street name.

step 4 After the beep say the house number as single digits.

step 5 If necessary, after the beep say, "Yes" to confirm address.

step 6 After the beep say, "Start Guidance."

step 7 Touch **OK** to start route guidance.

DESTINATION INPUT - POINT OF INTEREST (POI)

POINT OF INTEREST BY NAME

step 1 Press **DEST** on the faceplate followed by 

step 2 Touch **Name**.

step 3 Input the POI name and if necessary touch **OK**.

step 4 Use  or  to scroll up or down. Touch the desired destination.

Quick Tip – If the POI isn't listed in the database verify the spelling and Search Area for accuracy.

step 5 Touch **Go**.

step 6 See page 15 to select desired Route Preference. Touch **OK** to start route guidance.

DESTINATION INPUT - POINT OF INTEREST (POI)

POINT OF INTEREST BY CATEGORY

step 1 Press **DEST** on the faceplate followed by .

step 2 Touch .

step 3 Touch the desired category location.

step 4 Touch the desired category icon followed by the desired sub-category.

step 5 Use  or  to scroll up or down. Touch the desired point of interest.

step 6 Touch . See page 15 to select desired Route Preference. Touch  to start route guidance.

DESTINATION INPUT - POINT OF INTEREST (POI)

POINT OF INTEREST BY CATEGORY - VOICE RECOGNITION

Quick Tip –You can search for many dining, hotel and fuel chains by name, e.g., "Find Nearby Starbucks."

step 1 Press  on the steering wheel. After the beep say, "Find Nearby <POI category>" (e.g., "Find Nearby Hotel.")

step 2 After the beep say, the number that corresponds to the desired destination.

Quick Tip – If you know your next command, you can press  at any time to interrupt the prompt. Speak your command after the beep.

step 3 After the beep say, "Start Guidance."

step 4 Touch  to start route guidance.

step 1 Press **SETUP** on the faceplate followed by

step 2 Touch

step 3 Touch

Tip – For security reasons, use a point close to your home instead of your actual home address.

step 4 Touch

step 5 Touch

step 6 Input the city name.

step 7 Touch the desired city name.

step 8 Input the street name and touch

Quick Tip – Enter the street name without prefixes such as North or the letter N. The system will display the base street name without prefixes or suffixes on the next screen.

step 9 Touch the desired street name.

step 10 Input the house number and touch

step 11 Confirm location and touch

step 12 Touch followed by the desired icon for your home. Touch

ADDITIONAL NAVIGATION FEATURES

OPERATION OF EMERGENCY SCREEN

Touch the desired emergency category. If the vehicle is in motion, only nearby police stations, dealers, hospitals or fire stations are shown.

SEARCH AREA

Prior to inputting the desired address select the State/Province by pressing **Change State/Province**. The system is only capable of searching for an address within one state or province at a time.

ROUTE PREFERENCES

Once the address has been inputted, select the desired route preference(s) for the trip. When the yellow bar appears, the preference has been selected. For example, if Toll Roads is not selected, the system will route over non-toll roads which may take longer to reach the destination.

3 ROUTES

One of three routes may be chosen for the trip:
Preferred— is the easiest route, usually the fastest
Alternate— is the second fastest route
Short— is the most direct based upon driven mileage

SCREEN CONFIGURATIONS

Select what information to display with the map. Some selections are available during route guidance mode only.

ADDITIONAL NAVIGATION FEATURES

BEEP SETTING

Turn the Beep sound On or Off. Touch **Beep**.

VOICE VOLUME

Adjust the Voice Guidance volume level. Touch **Volume**.

LANGUAGE

Select Language Preference: English, French or Spanish. Touch **Save**.

SYSTEM TIME

Adjust the Time Zone and Daylight Saving Time option. Touch **Save**.

AUTO SCREEN CHANGE

Once the screen transition is switched off, the audio screen will remain without reverting to the map display. Touch **Save**.

ESTIMATED DISTANCE AND TIME

The system can be customized to match your driving habits. Adjust the speed settings. Touch **Save**. Please refer to the Navigation Owner's manual for a complete description of this feature.

NAVTRAFFIC

New Prius owners with Premium HDD Navigation System receive a 36-month complimentary trial subscription to NavTraffic, NavWeather, Sports, Stocks and Fuel from SiriusXM.

NavTraffic integrates with your navigation system to display continuously updated traffic information for over 100 markets.

For more information, see www.siriusxm.com/navtraffic

Route guidance with flow information and traffic events, such as accidents and disabled vehicles.

Traffic events – road construction.

SHOW NAVTRAFFIC INFORMATION

step 1 Press **MAP VOICE** on the faceplate followed by **Show on Map**.

step 2 Touch **Traffic Information**. When the yellow bar appears, the preference has been selected. Touch **Show on Map**, traffic flow is displayed by colored lines alongside freeway or highways:

- Free flow traffic
- Moderate traffic
- Heavy congestion

NAVTRAFFIC

AUTOMATICALLY AVOID TRAFFIC

step 1 Press **SETUP** on the faceplate followed by **Navigation**.

step 2 Touch **Detailed Navi. Settings**.

step 3 Select **On** from the **Avoid Traffic** option. Touch **Save** followed by **Show on Map**. The system will automatically select another route when moderate or heavy traffic is detected during route guidance.

TRAFFIC INCIDENT WARNING

step 1 Press **SETUP** on the faceplate followed by **Voice**.

step 2 Touch **Show on Map** to scroll to **Traffic Incident Warning** option on page 2. Select **On** to receive voice notification of traffic events within 20 miles along the current route. Touch **Save** followed by **Show on Map**.

NAVTRAFFIC

SHOW FREE FLOWING TRAFFIC

Routes with free flowing traffic will be displayed on the map in green.

step 1 Press **SETUP** on the faceplate followed by .

step 2 Touch **Detailed Navi. Settings**.

step 3 Select **On** from the **Show Free Flowing Traffic** option. Touch **Save** followed by . Free flowing traffic is illustrated by arrows on the map.

*SiriusXM services require a subscription after trial period and are sold separately or as a package. **If you decide to continue your SiriusXM service(s) at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel. See our Customer Agreement for complete terms at www.siriusxm.com.** Fees and taxes apply. All fees and programming subject to change. Not all vehicles are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. SiriusXM is not responsible for any errors or inaccuracies in the NavTraffic, NavWeather, Sports, Stocks or Fuel Prices service or their use in the vehicle. Stock quotes are delayed for 20 minutes. NavWeather data is powered by Baron. Our satellite service is available only to those at least 18 and older in the 48 contiguous USA and DC. Our Sirius satellite service is also available in PR (with coverage limitations). © 2013 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.

NAVWEATHER, SPORTS, STOCKS AND FUEL

Press **INFO APPS** on the faceplate, followed by the desired application.

NAVWEATHER

Get driver-friendly weather information for your area and along your route. See storms and severe weather, keep track of weather warnings and see the current conditions and 3-day forecasts. For details visit siriusxm.com/navweather

NOTE: Location can be selected or changed in the XM Navweather menu.

SPORTS

See the schedules and scores of your favorite sports teams as they happen, and get reminders of where and when to catch the game on satellite radio.

- You will need to add your desired teams to the navigation system before you can receive any available team data.
- You can save up to five teams in the system, and you can change your saved teams at any time.

STOCKS*

Track prices and movements of up to ten stocks that you've selected from around 9,000 actively reported securities traded on NYSE®, AMEX® and NASDAQ®.

- You will need to add your desired stocks to the navigation system before you can receive any available data.
- You can save up to ten stocks in the system, and you can change your saved stocks at any time.
- **You must know the symbol of the stock you wish to enter.**

FUEL

View up-to-date fuel prices for regular, mid-grade and premium gas in your area. Sort the results by price, distance or brand. View station addresses and phone numbers. Select a station and navigate to it using the on-board navigation system.

* This service is delayed approximately 20 minutes.

PLUG-IN HYBRID FEATURES

CHARGING STATION MAP

SELECT INFO APPS BUTTON ON FACEPLATE **INFO APPS** > **APPS**

Begin by pressing the APPS button in the menu, followed by Charging Station Map.

A list of addresses of nearby charging stations will appear. You can also filter your search by level of charging station.

By touching a station, you can see the hours of operation or type (level) of station. By touching "Details" you can access more detailed information (if available) about the charging station.

STOP PLEASE READ

WHAT IS ENTUNE® APP SUITE?

The available Entune App Suite is a collection of popular mobile applications and data services integrated with select 2014 Toyota vehicles. Entune App Suite is subscription free.

Once the phone is connected to the vehicle using Bluetooth® wireless technology, Entune's App Suite features are operated using the vehicle's controls or, for some services, by voice recognition. Entune App Suite includes mobile apps for Bing™, iHeartRadio, MovieTickets.com, OpenTable® and Pandora®. Data services include Fuel, Sports, Stocks, Navtraffic and Navweather.

See www.toyota.com/entune for availability of apps and services.

ENTUNE APP SUITE*

In order to access Entune App Suite applications from your vehicle's touch screen, an Entune App Suite capable phone is required and you must use a computer to register for Entune App Suite. Visit www.toyota.com/entune to learn all about Entune App Suite features and use the link to register. After you register, use your cell phone to download the Entune App Suite from the appropriate app store.

For additional information on Entune App Suite and to check phone compatibility, visit www.toyota.com/connect or call the Toyota Customer Experience Center at 1-800-331-4331.

PHONE COMPATIBILITY

An Entune App Suite capable phone is required to use the additional features. Check phone compatibility by one of the following methods:

- Visit: www.toyota.com/connect
- Call the Toyota Customer Experience Center at 1-800-331-4331

Note: You do not need an Entune App Suite capable phone to use Bluetooth® hands-free, Bluetooth audio or the navigation system. To connect a Bluetooth Phone, refer to page 3.

To enroll in Safety Connect, please contact your dealer.

*Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. Entune App Suite uses a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier. Not all apps and data services are available at all times and all locations. Apps identified by "™" or "®" are trademarks or registered trademarks of their respective companies and cannot be used without permission. See toyota.com/entune for the latest information regarding apps and services.

BASIC OVERVIEW

	Step	Reference	
Phone Compatibility	1 Confirm that your phone is able to run the Entune App.	Go to "PHONE COMPATIBILITY" on page 23.	
Download App	2 Download the Entune App to your phone.	Using your cell phone, find the Entune App in the Apple App Store™ or Google Play™.	
Account Creation	3 Enroll via your mobile device or register on www.toyota.com/entune and create a personal Entune App account using your computer.	Go to "ACCOUNT CREATION" on page 25.	
Launch App and Login	4 Launch the Entune App on your phone and sign in.	The Entune App must be running on the mobile device in order to use the internet services.	User Name: <input type="text"/> Password: <input type="text"/>
Connect	5 Connect your phone to your vehicle, and experience Entune App.	Go to "CONNECT A BLUETOOTH PHONE" on page 3.	

ACCOUNT CREATION

- step 1** From a mobile device, using the Entune App or a computer, access www.toyota.com/entune
- step 2** From a mobile device, click "Sign Up for Entune," or from a computer, click on the Register button on the right hand side of the screen.
- step 3** Create your Entune App account.
- step 4** Follow the easy steps to complete your account.

DOWNLOADING ENTUNE APP SUITE TO YOUR PHONE

Using your cell phone, connect to your app store (Apple App StoreSM, Google PlayTM), search for Entune and download. Contact your mobile device provider if you need assistance accessing your app store.

LAUNCH APP

In order to view the Entune App Suite on your vehicle display, some phones may require an additional step after they have been connected. After signing in, select Settings on your phone to ensure the phone is connected and listening.

CONNECT PHONE

See page 3 for instructions.

ACCESSING ENTUNE APPS

- step 1** Press **INFO APPS** on the faceplate followed by 
- step 2** Touch the desired application.

Quick Tip – The Entune app must be running on the mobile device in order to use the internet services.

The Entune app contains the only individual apps that will work with your vehicle. Other apps downloaded on your phone are not available through Entune.

PLUG-IN HYBRID PHONE APPS

To begin, be sure to enroll in Safety Connect (contact your dealer if you have questions about enrolling). Once your phone is connected via Bluetooth, Entune lets you access many useful apps. These are some of the featured apps specific to your Plug-in vehicle. These apps can be accessed via Entune on your phone. To connect via Entune, first go to www.toyota.com/entune to register for Plug-In apps by entering a Safety Connect contract ID.

CHARGE MANAGEMENT

SELECT ENTUNE >

Begin by opening the Entune App on your mobile device. Select the Charge Management icon. Charge Management allows you to see the current range based on the existing charge and set charge time.

CHARGING STATION MAP

SELECT ENTUNE >

Begin by opening the Entune App on your mobile device. Select the Charging Station Map icon. This will allow you to see nearby charging stations and whether they are Level 1 or 2.

REMOTE CLIMATE

SELECT ENTUNE >

> **Turn On Climate**

Remote Climate allows you to remotely activate the air conditioning system in your Plug-in Hybrid in order to reach the last set temperature within the vehicle. If the cabin temperature is hotter than the set temperature, air conditioning will engage. Your desired temperature in vehicle must be set using the climate control system in your vehicle prior to engaging Remote Climate Control from mobile device.

***CAUTION:** Do not initiate a Remote Climate Activation if people are in the vehicle. Children and pets left inside the vehicle may suffer heatstroke, dehydration or hypothermia, or could result in death or serious injury.

ECO DASHBOARD

SELECT ENTUNE >

Begin by opening the Entune App on your mobile device. Select the ECO Dashboard icon. The ECO Dashboard feature allows you to see how your energy usage compares with other Plug-in Hybrid Advanced vehicles. You can see your ECO ranking and ECO History. You can also participate in the ECO Challenge with other vehicles and post your ECO driving status to Facebook.

VEHICLE FINDER

SELECT ENTUNE >

Begin by opening the Entune App on your mobile device. Select the Vehicle Finder icon. This app is useful for locating where you parked your vehicle from your phone. You can zoom in and out to see the vehicle's location.
