NAVIGATION SYSTEM
QUICK REFERENCE GUIDE

TOYOTA

LIMITATIONS OF THIS QUICK REFERENCE GUIDE

This Quick Reference Guide is designed to provide information
on the basic operation and key features of the navigation system.
The Quick Reference Guide is not intended as a substitute for the
Navigation Owner's Manual. We strongly encourage you to review the
Navigation Owner's Manual so you will have a better understanding of
the navigation system capabilities and limitations.

BASIC OPERATION

1 **NORTH-UP OR COMPASS MODE Icon**
Touch to change the map display between North-up or Head-up perspectives.

2 **ZOOM IN/ZOOM OUT Icons**
Touch to magnify or reduce the map scale.

3 **INFO Button**
Access Maintenance, Calendar, Language and Screen Settings.

4 **DISPLAY/TILT Button**
Adjust the contrast, brightness or turn off the screen. Change the angle of the screen for best viewing.

5 **AUDIO Button**
Set the radio station presets, adjust the balance and tone controls.

6 **MENU Button**
Access Voice Guidance Volume, Select User, My Places, Setup and Suspend Guidance.

7 **DESTINATION Button**
Input the destination by one of several methods and initiate route guidance.

8 **MAP/VOICE Button**
Repeat the last voice guidance prompt, cancel the map scrolling feature, or show the current position.
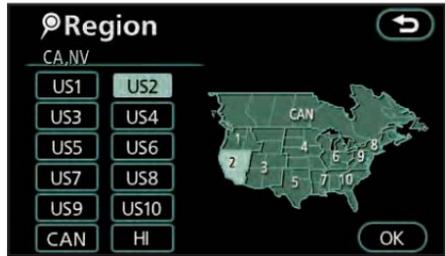

9 **CURRENT VEHICLE POSITION Mark**
Indicates the current position of the vehicle and its directional heading.

step 1 Press the **DEST** panel button followed by [Address] and move to step 3. To change Region, touch [Change] and move to step 2.

step 2 Select the desired Region and touch [OK].

step 3 Input the house number and touch [OK].

step 4 Touch [Street] and input the street name. Touch [List] to see all of the available options.

Quick Tip - Enter the street name without prefixes such as North or the letter N. The system will display all of the options available.

step 5 Use [↑] or [↓] to scroll up or down. Touch the desired street and go to step 8. If the street you are looking for is not listed, touch [City] and go to step 6.

step 6 Touch [Input Name] to type in the city name or select from a previously selected city. If the city is not available try the next largest city in the vicinity.

3

DESTINATION INPUT

step 7 Use ⬆ or ⬇ to scroll up or down. Touch the desired city. Select the desired street.

step 8 Select the desired Route Preference by touching [Route Preference].

step 9 Select the desired Route Preference(s) for the trip. When the yellow bar appears, the route has been selected. Touch [OK] to confirm your selection.

step 10 If necessary, use the arrow keys to adjust the position on the map to put you closer to your destination. Touch [Enter] to confirm the position.

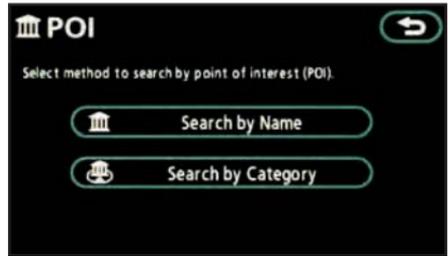

step 11 Touch [Guide] to start route guidance .

4

DESTINATION INPUT - POINTS OF INTEREST (POI)

step 1 Press the DEST panel button followed by 🏛.

step 2 Touch 🏛 Search by Name .

step 3 Input the POI name and touch List .

step 4 Use 🔼 or 🔽 to scroll up or down. Touch the desired destination

Quick Tip - If the POI isn't listed in the database verify the spelling and Region for accuracy.

step 5 See page 10 to select the desired Route Preference. Touch Enter .

Quick Tip - Touching the Info. button next to the POI name will display the address and telephone number.

step 6 Touch Guide to start route guidance.

DESTINATION INPUT - POINTS OF INTEREST (POI)

POINTS OF INTEREST BY CATEGORY

step 1 Press the **DEST** panel button followed by 🏛.

step 2 Touch 🏛 Search by Category.

step 3 Touch 🔵 (Current Position).

step 4 Touch the desired category icon.

step 5 Touch the desired sub-category icon followed by OK and then touch Show List.

step 6 Use ⬆ or ⬇ to scroll up or down. Touch the point of interest followed by Enter and then Guide.

DESTINATION INPUT - TELEPHONE NUMBER

BUSINESS OR REGISTERED ADDRESSES

**step 1** Press the **DEST** panel button followed by 🔲.

step 2 Input the area code and telephone number followed by **OK**. It is not necessary to dial "1."

Quick Tip - Personal telephone numbers cannot be used for Destination input unless previously added in the Address Book.

step 3 Select the business or registered address from the screen.

step 4 See page 10 to select the desired Route Preference. Touch **Enter**.

step 5 Touch **Guide** to start route guidance.

SET HOME

step 1 Press the **MENU** panel button followed by [My Places].

step 2 Touch [Register] to input your home address.

step 3 Make sure that you are in the desired Region. Touch [Address].

step 4 Input the house number and touch [OK].

Tip - For security reasons, use a point close to your home instead of your actual home address.

step 5 Touch [Street] and input the street name. Touch [List] to see all of the available options.

step 6 Use ⬆ or ⬇ to scroll up or down. Touch the desired street and go to step 9. If the street you are looking for is not listed, touch [City] and go to step 7.

step 7 Touch [Input Name] to type in the city name or select from a previously selected city. If the city is not available try the next largest city in the vicinity.
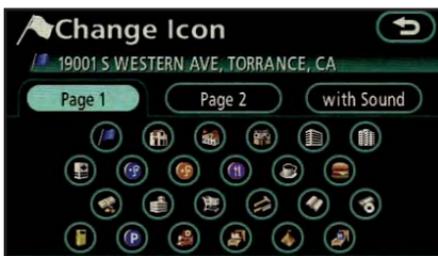

step 8 Touch the desired city. Select the desired street.

step 9 If necessary use the arrow keys to adjust the position on the map. Touch Enter to confirm the position.

step 10 Touch [Icon] at the top left of the screen to change the home icon.

step 11 Touch the desired icon for your home.

step 12 Touch [OK] at the bottom of the screen.

ADDITIONAL NAVIGATION FEATURES

SEARCH AREA

Prior to inputting the desired address select the appropriate Region by pressing Change. If the incorrect Region is chosen, the system will either find an address that closely matches in that area or will indicate that the address cannot be found.

Select the desired Region and touch OK.

ROUTE PREFERENCES

Once the address has been inputted, select the desired route preference(s) for the trip. For example, if Toll Road is not selected, the system will route over non-toll roads which may take longer to reach the destination.
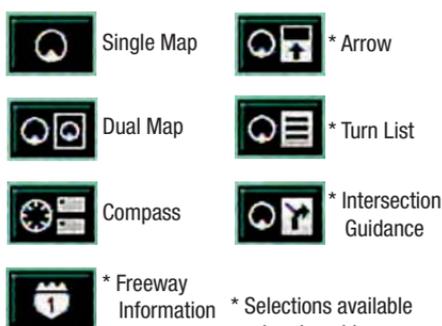

3 ROUTES

One of three routes may be chosen for the trip. Quick 1 offers the shortest route by time; Quick 2 is the second fastest route; Short is the most direct route based upon driven mileage. The system does not account for traffic signals or traffic flow.
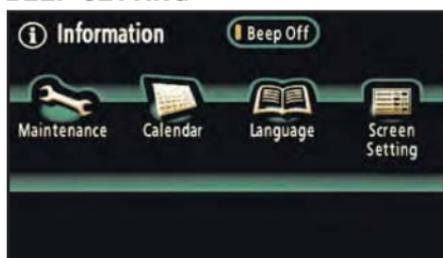

SCREEN PREFERENCES

Touch ◯ to select from seven different screen viewing options. Three screen preferences are available when the map is visible and four additional are available during route guidance only.

|		
◯ Single Map	◯▣	* Arrow
◯◯ Dual Map	◯▤	* Turn List
◯▤ Compass	◯▸	* Intersection Guidance
▣ * Freeway Information		* Selections available when in guidance mode.

ADDITIONAL NAVIGATION FEATURES

PRESS INFO > BEEP OFF
Switch off the confirmation tone by touching
[Beep Off] at the top of the screen. When the
yellow bar appears this feature has been disabled.

VOLUME SETTING

PRESS MENU > VOLUME
The Volume feature allows for the adjustment of
the voice guidance commands. Touch the desired
volume level and touch [OK] to confirm your
selection.

KEYBOARD SETTING

PRESS MENU > SETUP
Set the layout of the keyboard as alphabetical
or standard QWERTY keyboard. Touch [OK] to
confirm your selection.

SCREEN TRANSITION

PRESS INFO > SCREEN SETTING
Touch [OFF] to prevent the system from reverting
to the map display. Once the screen transition is
switched off, the audio or climate control screen
(if equipped) will remain without reverting to
the map display. Touch [OK] to confirm your
selection.

FREEWAY EXIT INFO MODE*
During Route Guidance on a Freeway or Toll Road,
a variety of points of interest such as Gas Stations,
Restaurants or Hotels can be viewed during your
trip.

To access this feature, select Freeway Exit Info
Mode from the Screen Preferences (see page 10).
Upcoming freeway exits will be listed by the
number or name along with the POIs in the vicinity
of the exit ramp. Select the desired exit from the
list to see the POIs at that particular exit.

* This feature is only available while in Route Guidance and traveling on a freeway or Toll Road.

ESTIMATED DISTANCE AND TIME[†]

The navigation system will provide an estimate of the distance and time to the destination based upon the suggested route during guidance. The system automatically calculates the remaining miles until you arrive at the destination. Based upon the distance traveled, the system will also provide an estimated time until arriving at your destination.

The system can be customized to match your driving habits. To adjust the speed for residential, main streets or freeways please refer to the Navigation Owner's Manual for a complete description of this feature.

[†] The system does not account for traffic signals or traffic flow.

OPERATION OF VEHICLE EMERGENCY SCREEN:

Press the **DEST** panel button followed by

to access four emergency destinations:

• Police Stn. • Hospital • Dealer • Fire Stn.

Touch the desired destination. The system will provide a list of locations sorted by distance. If the vehicle is in motion, the system will route you to the nearest location automatically.
