**STOP PLEASE READ****LIMITATION OF THE QUICK REFERENCE GUIDE**

The Quick Reference Guide is designed to provide information on the basic operation and key features of the navigation system and Entune™ 3.0. The Quick Reference Guide is not intended as a substitute for the Navigation Owner's Manual. We strongly encourage you to review the Navigation Owner's Manual for detailed audio/multimedia information. You may also choose to visit: [www.Toyota.com/entune](http://www.Toyota.com/entune) where additional audio/multimedia resources are accessible.

**SAFETY**

Concentrating on the road should always be your first priority while driving. Do not use the Entune™ system if it will distract you.

**WHAT IS Entune™ 3.0 APP SUITE CONNECT?**

The Entune™ 3.0 App Suite Connect system is a collection of popular mobile applications and data services integrated with select 2018 Toyota vehicles. Entune™ 3.0 App Suite Connect is subscription free.

Once a smartphone is connected to the vehicle using Bluetooth® wireless technology, Entune™ 3.0 App Suite Connect features are operated using the vehicle's controls or, for some services, by voice recognition. Entune™ 3.0 App Suite Connect includes mobile apps for Pandora®, iHeartRadio, Slacker Radio, Yelp and NPR One. Data Services include Fuel Guide, Traffic incident, Sports, Weather and Stocks. **All apps and data services are subject to change without notice.**

**Entune™ 3.0 APP SUITE CONNECT**

To access Entune™ 3.0 App Suite Connect applications from your vehicle's touch screen, an Entune™ 3.0 App Suite compatible smartphone is required. Use your compatible smartphone to download the Entune™ 3.0 mobile app from the applicable app store. You may also visit [www.toyota.com/entune](http://www.toyota.com/entune) to learn more about Entune™ 3.0 App Suite Connect.

**PHONE COMPATIBILITY**

A compatible smartphone is required to operate mobile apps and some connected services. Check phone compatibility by one of the following methods:

- Visit: [www.toyota.com/entune/#!/compatibility](http://www.toyota.com/entune/#!/compatibility)
- Call the Toyota Customer Experience Center at **1-800-331-4331**  
Mon–Fri: 7:00 a.m. – 7:00 p.m. CDT  
Sat: 7:00 a.m. – 4:30 p.m. CDT

**INTRODUCTION**

**WHAT ENTUNE™ 3.0 SYSTEM DO YOU HAVE?**

**Entune™ 3.0 Audio**

Include:

- Touch Screen Display
- Siri® Eyes Free\*
- Scout® GPS Link Compatible
- Entune™ 3.0 App Suite Connect

Connected Services may vary by vehicle.  
Remote & Service Connect not available on 2018 Sienna / Mirai.

**Entune™ 3.0 Audio Plus**

Includes all of Entune™ 3.0 Audio and adds or replaces:

- AM/FM/HD (replaces AM/FM Radio)
- SiriusXM® with Cache Radio
- Scout® GPS Link Compatible
- Entune™ 3.0 Safety Connect
- Entune™ 3.0 Service Connect
- Entune™ 3.0 Remote Connect
- Entune™ 3.0 Wi-Fi Connect
- Available JBL® with Clari-Fi™

Connected Services may vary by vehicle.  
Remote & Service Connect not available on 2018 Sienna / Mirai.

**Entune™ 3.0 Premium Audio with Integrated Navigation and App Suite**

Includes all of Entune™ 3.0 Audio Plus and adds or replaces:

- Dynamic Voice Recognition (replaces Voice Recognition)
- Dynamic Navigation
- Dynamic POI Search
- Destination Assist Connect
- HD Radio™ with Weather/Traffic
- Available JBL® with Clari-Fi™

Connected Services may vary by vehicle.  
Remote & Service Connect not available on 2018 Sienna / Mirai.

\* Siri® Eyes Free is available with iOS devices such as iPhone.

Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. Select Entune™ App Suite Connect use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier. Not all apps and data services are available at all times and all locations. Apps identified by ™™™™ or ®™ are trademarks or registered trademarks of their respective companies and cannot be used without permission. Connected services may vary by vehicle. Remote & Service Connect not available on 2018 Sienna / Mirai. See toyota.com/entune for the latest information regarding apps and services.

**CONNECTED SERVICES**

**Safety Connect\***

Whether you're involved in an accident, your vehicle is stolen, or the unexpected occurs, assistance can be sent directly to your vehicle's GPS location\*\*.

**AUTOMATIC COLLISION NOTIFICATION**

In the event that your vehicle's airbags deploy or you're involved in a severe rear-end collision, you'll be automatically connected to a Toyota Safety Connect response center agent. After attempting to speak to the occupants, the agent will notify local emergency services of the situation and direct them to your vehicle's location. A Toyota Entune™ 3.0 Safety Connect subscription is required.

**EMERGENCY ASSISTANCE BUTTON (SOS)**

Whether it's a health emergency, a traffic accident or some other urgent situation where help is required, a single press of the Emergency Assistance Button (SOS) can connect you to a 24-hour Safety Connect response center agent. Using your vehicle's GPS technology, the agent can send emergency services to your vehicle's location while offering to stay on the line with you until help arrives. Once the 3-year trial has ended a Toyota Entune™ 3.0 Safety Connect subscription is required.

**ROADSIDE ASSISTANCE**

With the added benefit of GPS technology, Toyota Roadside Assistance makes standard roadside service even more convenient than other services on the market. Whether your vehicle has run out of gas, has a flat tire, needs to be towed or requires a jump-start, assistance can be sent to your vehicle's location—all at the press of the Emergency Assistance button (SOS). A Toyota Entune™ 3.0 Safety Connect subscription is required.

**STOLEN VEHICLE LOCATOR**

Once a police report is filed, the Safety Connect Response Center can work with police to help track and recover your stolen vehicle using Safety Connect's embedded cellular and GPS technology. This may help to recover your vehicle more quickly, minimizing the amount of damage incurred. The Stolen Vehicle Location system works across the continental U.S.A. Toyota Entune™ 3.0 Safety Connect subscription is required.

\* Available on Entune™ 3.0 Audio Plus and Entune™ 3.0 Premium Audio

\*\* Contact with the response center may not be available in all areas.

Note: After successful enrollment, the vehicle transmits data each time the vehicle is driven for about 15 minutes in an area with good cellular coverage. If a maintenance or vehicle alert occurs after the first 15 minutes, the data will transfer next time the vehicle is driven for about 15 minutes in an area with good cellular coverage.

Connected services may vary by vehicle. Remote & Service Connect not available on 2018 Sienna / Mirai.

## CONNECTED SERVICES

### Service Connect\*

Keeping up with your vehicle's health has never been easier. Get updates on everything from fuel level and mileage to maintenance alerts and more via email or the mobile app.\*\*

Service Connect not available on 2018 Sienna/Mirai.

**NOTE: The customer must initialize Service Connect in the vehicle after enrollment via ToyotaOwners.com. See Page 21 for detail.**

#### VEHICLE HEALTH REPORT

Mileage, smart key battery status, recent changes to Toyota Personalized Settings, and more. You can view the reports on your desktop, tablet, or smartphone by visiting [www.ToyotaOwners.com](http://www.ToyotaOwners.com) or using the ToyotaOwners mobile app. For the ultimate in service convenience, you can choose to have a dealer automatically call you to help schedule a service or check the status of your vehicle.

#### VEHICLE MAINTENANCE ALERT

The best care is preventive. Entune™ 3.0 Service Connect provides vehicle alerts to you and maintenance alerts to both you and your preferred dealer. Should you opt in to this convenient service, this allows your dealer to contact you when maintenance is required, helping to keep your vehicle running at its best.

### Remote Connect WITH APP\*

The Entune™ 3.0 Remote mobile app lets you lock and unlock doors, start the engine and operate climate controls, find your vehicle in a parking lot, monitor guest drivers and get vehicle status notification.\*\*

Remote Connect not available on 2018 Sienna/Mirai.

#### DOWNLOAD THE APP

For your convenience, the Entune™ Remote mobile app can be found on the Apple App Store and Google Play.

#### ENGINE START/STOP

Remote engine start/stop lets you remotely start your vehicle to warm or cool the interior based on the last climate-control settings. The engine or hybrid system will run for up to 10 minutes or until any door is opened, the brakes are pressed, or the engine is turned off remotely.

\* Available on Entune™ 3.0 Audio Plus and Entune™ 3.0 Premium Audio

\*\* Contact with the response center may not be available in all areas.

*Note: After successful enrollment, the vehicle transmits data each time the vehicle is driven for about 15 minutes in an area with good cellular coverage. If a maintenance or vehicle alert occurs after the first 15 minutes, the data will transfer next time the vehicle is driven for about 15 minutes in an area with good cellular coverage.*

Connected services may vary by vehicle. Remote & Service Connect not available on 2018 Sienna / Mirai.

## CONNECTED SERVICES

### Remote Connect WITH APP\* (cont.)

#### REMOTE DOOR LOCK/UNLOCK

Now you can remotely lock and unlock your doors and receive confirmation if the action was successful. And should you unlock your Toyota remotely, the doors will automatically relock after 30 seconds if no further action takes place.

#### VEHICLE FINDER

The Vehicle Finder makes locating your vehicle on the street or in an uncovered parking lot much easier.

#### VEHICLE STATUS ALERTS

With the touch of a button, you can remotely check the status of your vehicle's doors, windows, moonroof, trunk, and hood, as well as the vehicle's current fuel level, odometer or trip mileage. The system can also notify you with customizable alerts.

#### GUEST DRIVER

Entune™ 3.0 Remote can send instant alerts if the vehicle is started or exceeds preset limits on speed, curfew, miles driven, engine run time total elapsed time or distance from a set location.

### Wi-Fi Connect \*

Powered by Verizon

Connected devices can download up to 2GB of data during the 6 month trial period.\*\*

*Refer to page 19–20 Wi-Fi Connect Powered by Verizon section to setup.*

\* Available on Entune™ 3.0 Audio Plus and Entune™ 3.0 Premium Audio

\*\* Contact with the response center may not be available in all areas.

*Note: In the Entune™ 3.0 Remote app, from the main menu you can manage notifications, such as vehicle and guest driver alerts and app confirmations.*

Connected services may vary by vehicle. Remote & Service Connect not available on 2018 Sienna / Mirai.

**CONNECTED SERVICES**

**Destination Assist Connect**

Get directions and destinations delivered by a real person with 24-hour, en-route navigation assistance.\*\* Available on Entune™ 3.0 Premium Audio.

DESTINATION ASSIST

Destination Assist gives you 24-hour access to a live response center agent to help you locate a specific business, address or point of interest. If you're searching for a restaurant, the agent can help you narrow your choices by distance.

**Dynamic Navigation**

Entune™ 3.0 Dynamic Navigation provides customers with the most up-to-date routes and points of interest (POIs) on their embedded navigation system through real-time updates downloaded from the cloud.\*\* Available on Entune™ 3.0 Premium Audio.

**DYNAMIC MAPS & ROUTE**

Dynamic Navigation checks embedded map data against the cloud to download and store map updates. This navigation service uses the on-board and off-board data to provide navigation directions. It takes into account ever-changing roads and traffic conditions.

**DYNAMIC POI**

Search an expanded database for points of interest with casual search terms, as if you were using an internet search box.

\*\* Contact with the response center may not be available in all areas.

*Note: After successful enrollment, the vehicle transmits data each time the vehicle is driven for about 15 minutes in an area with good cellular coverage. If a maintenance or vehicle alert occurs after the first 15 minutes, the data will transfer next time the vehicle is driven for about 15 minutes in an area with good cellular coverage.*

Connected services may vary by vehicle. Remote & Service Connect not available on 2018 Sienna / Mirai.

**MOBILE DEVICE APPS**

In order to use Entune™ 3.0 App Suite Connect in your vehicle, you will need to have the Entune™3.0 App Suite Connect App downloaded onto your smartphone.

Please download the apps you need from Apple App Store™ or Google Play™

**Entune™ 3.0 App Suite Connect**

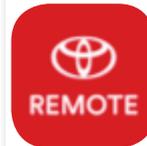

A collection of popular mobile applications and data services integrated with select Toyota vehicles. Entune™ 3.0 App Suite Connect is subscription free.

**Scout® GPS Link Compatible**

Smartphone based mobile app designed to integrate with your vehicles touch-screen display.

Available on vehicles equipped with Entune™ 3.0 Audio and Audio Plus.

**Toyota Remote Connect**

Remote mobil app enables you to monitor and control many features of your Toyota using a compatible smartphone.

Refer to page 22 for remote connect authorization steps.

Remote Connect not available on 2018 Sienna/Mirai.

**Toyota Owners**

Take your Toyota ownership to the next level. Service coupons, owner's manuals, service scheduling, roadside assistance and much more.

Connected services may vary by vehicle. Remote & Service Connect not available on 2018 Sienna / Mirai.

**APPS**

Using your compatible smartphone, the Entune™ 3.0 App Suite Connect offers access to mobile applications through your vehicle's multimedia display.

Entune™ 3.0 App Suite Connect offers access to mobile applications using the vehicle display by touch or voice command.

**PANDORA®**  
Listen to music your way.  
Create personalized playlists.

**IHEARTRADIO**  
Listen to over 750+ radio stations

## BLUETOOTH PAIRING

To begin the Bluetooth Pairing process, press the HOME button on the faceplate of your multimedia system. **CAUTION: DO NOT TRY TO PAIR WHILE DRIVING**

### BLUETOOTH PAIRING FOR YOUR PHONE

Pairing your phone is the first step in connecting with your Toyota for hands-free calling and audio streaming via Bluetooth® wireless technology.

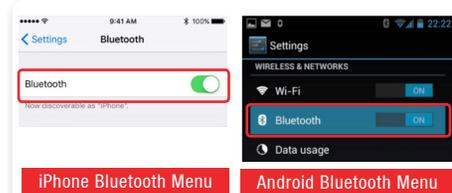

Entune™ 3.0 Audio/Entune™ 3.0 Audio Plus  
Press [MENU] on the faceplate, then select "Setup" on display screen.

**STEP 1**

Entune™ 3.0 Premium Audio

iPhone Bluetooth Menu

Android Bluetooth Menu

**STEP 2** Ensure Bluetooth is turned on for your device.

**STEP 3** Select "Bluetooth", then select "Add New Device" on display screen.

**STEP 4** Select "Device Name".

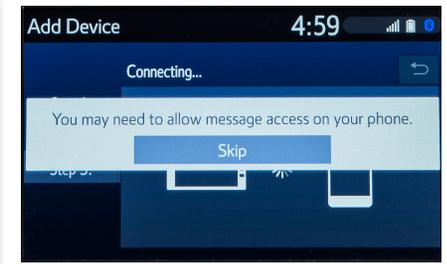

**STEP 5** Check the display on your smartphone. Does the PIN XXXX match the PIN displayed? If it does select "Pair".

## BLUETOOTH PAIRING

### BLUETOOTH PAIRING FOR YOUR PHONE (CONT.)

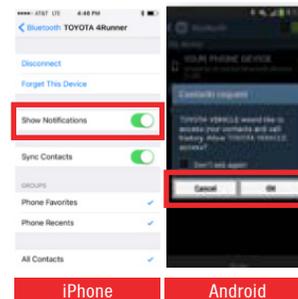

**STEP 6** "Connecting" displays while device is forming the connection to your multimedia system.

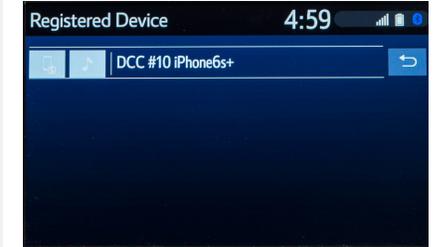

**STEP 7** Enable Notifications (text message). While pairing your device message will display: "You may need to allow message access on your phone".

Note: You may also select "Skip" on display screen to skip enabling notifications. If skipped proceed to **Step 9**.

iPhone Android

**STEP 8** Turn on "Show Notifications" for iPhone or "ON" for Android.

**STEP 9** A confirmation will appear once your phone has been paired and connected.

Several factors may affect smartphone and/or system performance including:

1. Smartphone operating system software version
2. Smartphone battery power level
3. Poor cellular reception to the smartphone
4. Multiple applications running on a smartphone at the same time.
5. Smartphone operating system updates may affect Entune™ 3.0 app functionality.

**APPS FEATURES**

Once you have downloaded Entune™ 3.0 App Suite Connect and paired your smartphone via Bluetooth you can access many useful apps. Begin by pressing the Apps button  on the faceplate.

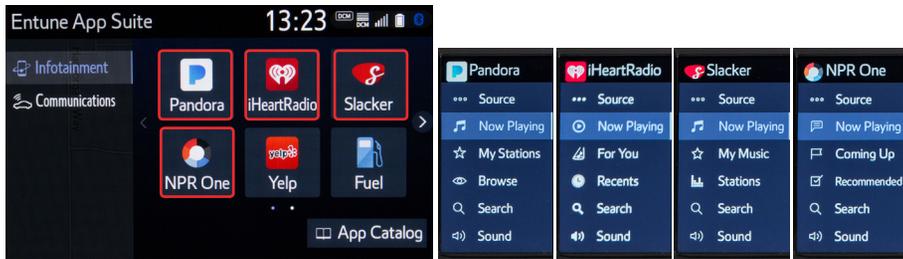

Entune™ 3.0 Audio/Entune™ 3.0 Audio Plus

Entune™ 3.0 Premium Audio

**STEP 1** Press **[APP]** on the faceplate, then select an **"icon"** you would like to access on the display screen.

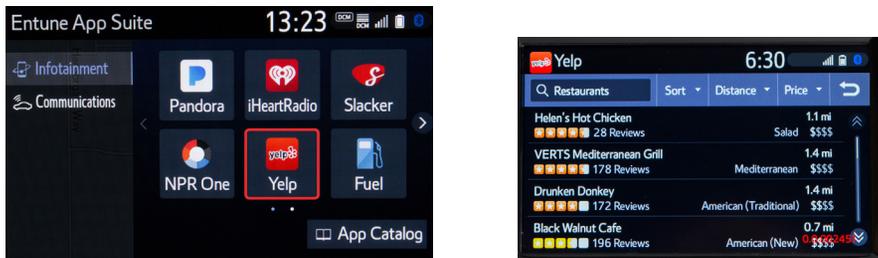

**Pandora®, iHeartRadio, Slacker, NRP One**

\* If you opted-in for Entune™ 3.0 Remote Connect you should have received an email with a 6-digit authorization code. If you have not received your authorization code via email, please call 1-800-331-4331 for assistance.

## VOICE RECOGNITION SYSTEM

Before you begin using the voice recognition system, it is recommended that you access "Train Voice Recognition" and "Voice Recognition Tutorial" in the Setup menu. Voice recognition training is a feature that will help train the voice recognition system to better understand your voice. For best results, it is recommended that voice recognition training be done when there is minimal background noise. The voice recognition tutorial will give an overview of how to use the voice recognition system, including how to make calls and how to customize your experience.

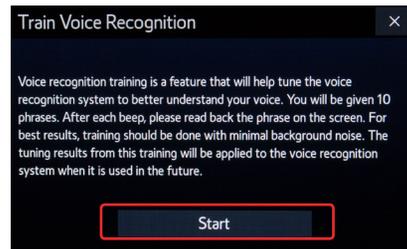

Entune™ 3.0 Audio/Entune™ 3.0 Audio Plus  
 Entune™ 3.0 Premium Audio

**STEP 1** Press [MENU] on the faceplate, then select "Setup" on display screen.

## TRAIN VOICE RECOGNITION

**STEP 2** Select "Voice" from left menu, and Select "Train Voice Recognition".

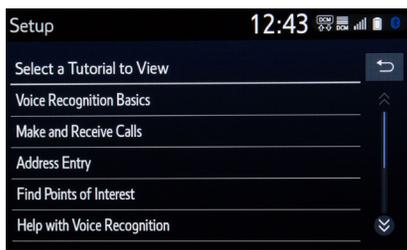

**STEP 3** Select "Start" to proceed. Follow the system prompts and repeat a series of phrases after each beep.

## VOICE RECOGNITION TUTORIALS

**STEP 2** Select "Voice" from left menu, and Select "Voice Recognition Tutorial".

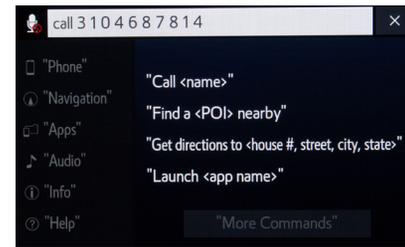

**STEP 3** Scroll and select a tutorial

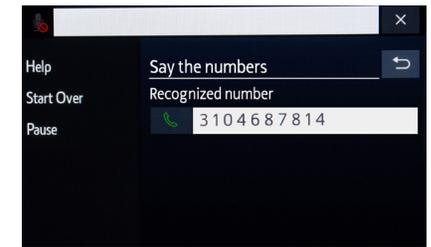

## CALLING BY VOICE RECOGNITION

### CALL BY NUMBER

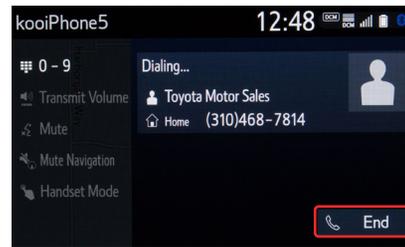

**STEP 1** Push talk  on the steering wheel.

**STEP 2** Wait for the beep and say "Call <number>" the number you want to call.

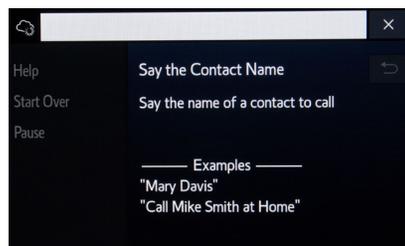

**STEP 3** The system will confirm the call. Say "Call" or "Yes", or select [YES] on the screen to proceed.

**STEP 4** Push hang-up switch  on the steering wheel or select [End] to end the call.

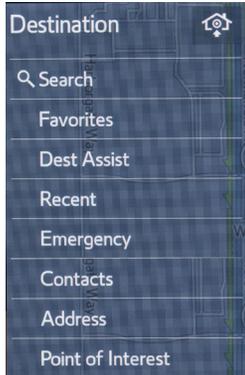

### CALL BY NAME

**STEP 1** Push talk switch  on the steering wheel.

**STEP 2** Wait for the beep and say "Call <Contact name>" in your address book.

**DESTINATION INPUT: DYNAMIC NAVIGATION**

You can input your destination by

- **SEARCH:** Search by any keyword input, list related dynamic candidacy.
- **Favorites:** Search by using your saved favorites
- **Dest Assist:** Using *Destination Assist Service* (see Destination Assist Service Page 7)
- **Recent:** From a list of recent destinations
- **Emergency:** From a list with Police or nearby Hospitals
- **Contacts:** From your address book imported from connected smartphone or other devices
- **Address:** Input an address
- **Point of Interest:** From a point of interest listed nearby or selected area.

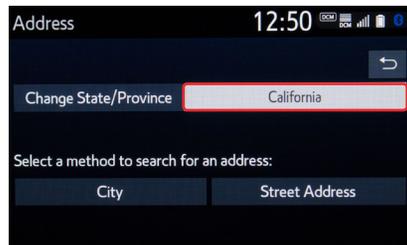

**BY ADDRESS**

**STEP 1** Press [MENU] on the faceplate, then select "Destination" on display screen.

**STEP 2** Scroll and select "Address"

**STEP 3** Select State/Province. **NOTE:** Please see page 31 **SEARCH AREA** for more detail.

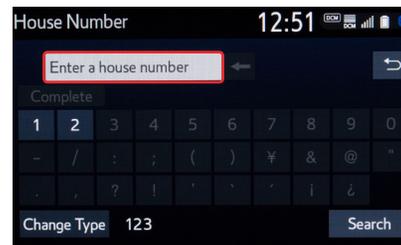

**STEP 4** Enter City Name, the system will show a list when you type a few letters. Select City.

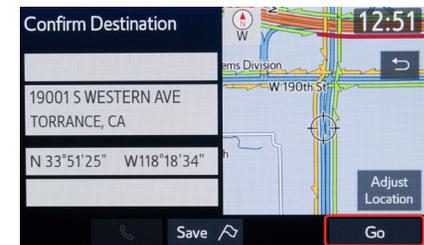

**STEP 5** Enter Street Name, the system will show a list when you type a few letters. Select Street.

**DESTINATION INPUT: DYNAMIC NAVIGATION**

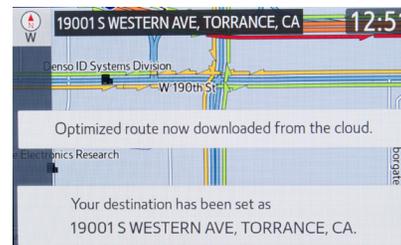

**BY ADDRESS(cont.)**

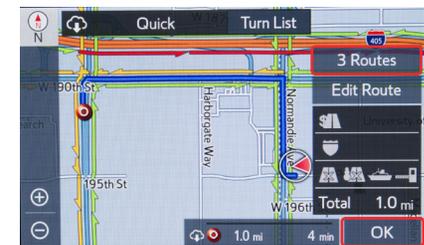

**STEP 6** Enter House Number, the system will show the list when you type a few numbers. Select House Number.

**STEP 7** Confirm Destination. Select "Go" on display screen to proceed. You can touch "Save" to your Favorites for easy access next time.

**STEP 8** The system optimizes the route by the cloud and sets the destination.

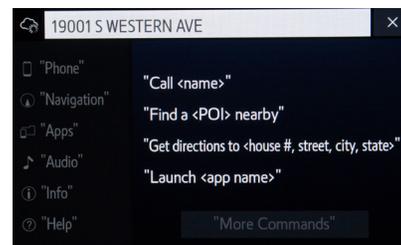

**STEP 9** Select "OK" to start guidance. Select "3 Routes" to see 3 different routes, see page 31 for detail.

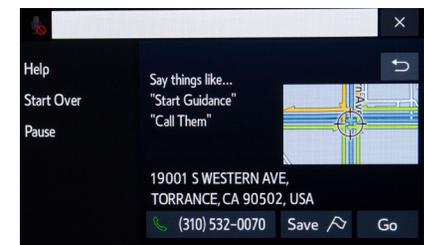

**Dynamic Search and Dynamic POI:** When you see this icon Searching candidate data is downloading to your system from the cloud.

**ADDRESS BY VOICE RECOGNITION**

**STEP 1** Push talk switch on the steering wheel.

**STEP 2** Say "Get direction to <...>" exact address starting from House Number, Street Name, City Name, States.

**STEP 3** Say "Start Guidance", or "Go there", or "Yes" to set a destination.

**DESTINATION INPUT: DYNAMIC POI**

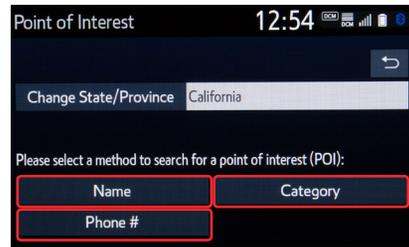

**BY POI**

**STEP 1** Press [MENU] on the faceplate, then select "Destination" on display screen.

**STEP 2** Scroll and select "Point of Interest"

**STEP 3** Change State/Province. Then select a method to search.

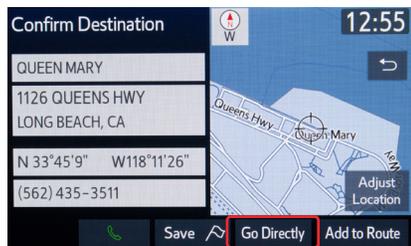

**BY POI [NAME]**

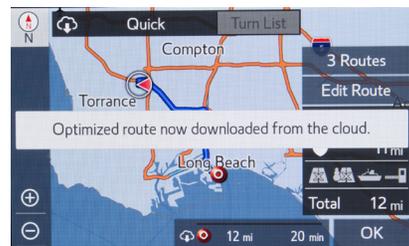

**STEP 4** When you select "Name", Enter a POI name and select "Search".

**STEP 5** The system lists up all related POI names. Closer points start at top of list.

**STEP 6** Confirm Destination. Select "Go Directly" to start the guidance.

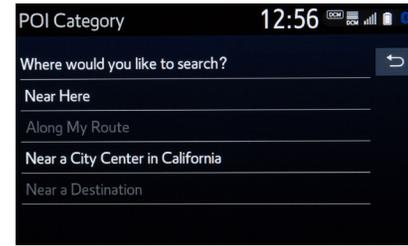

**STEP 7** The system optimize route by the cloud. (Dynamic Navigation), and set destination.

**DESTINATION INPUT: DYNAMIC POI**

**BY POI [CATEGORY]**

Step 1 to 3, refer the previous page.

**STEP 4** When you select "POI Category", select where you'd like to search.

**STEP 5** Select a POI Category.

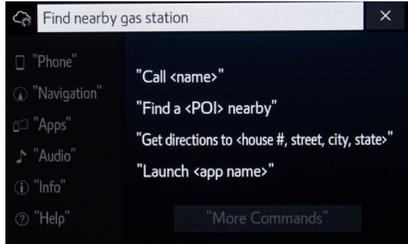

**STEP 6** Narrow your category from the list. (Picture above shows "Recreation & Attractions" selected as an example)

**STEP 7** Select a POI destination from the list. (Picture above shows "Attractions" selected as an example)

**SCOUT® GPS LINK COMPATIBLE**

Scout® GPS Link is a smartphone-based app that displays turn-by-turn guidance and full moving maps when tethered on Entune™ 3.0 Audio & Audio Plus systems.

**HOW SCOUT® GPS LINK WORKS?**

To access Scout® GPS Link on your Entune™ 3.0 system, you will need a compatible iPhone® or Android™ smartphone that is connected to the Entune™ 3.0 system via Bluetooth® wireless technology. The Scout® GPS Link must be running on your smartphone. Smartphone based mobile app designed to integrate with your vehicles touch-screen display using your smartphone's data plan.

To use Scout® GPS Link on your Entune™ 3.0 system, software needs to be loaded on both your smartphone and Entune™ 3.0 multimedia system.

**STEP 1** Download "Entune 3.0 App Suite Connect" and "Scout® GPS Link" from the Apple App Store™ or Google Play™ app store to your smartphone.

**STEP 2** Connect smartphone to the vehicle's Entune™ 3.0 system via Bluetooth. (See page 15–16)

**STEP 3** Open Scout® GPS Link on smartphone and follow the prompts to initialize the app.

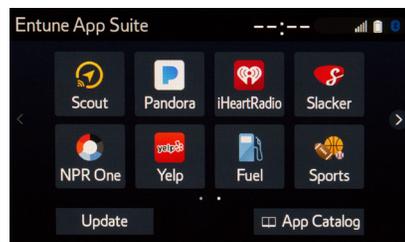

Select "Connect to my car" to begin.

Select "Toyota".

Connecting to vehicle

**STEP 4** Select **Install** to complete installation. After the Scout® GPS Link has been successfully installed to your Entune™ 3.0 system, the Scout icon will appear on the Apps screen. Scout® GPS Link is now ready to use.

**SCOUT® GPS LINK COMPATIBLE**

**ACCESS TO SCOUT® GPS LINK**

**STEP 5**

On the **smartphone** that is connected to the Entune™ system, select the Scout® App to launch Scout® GPS Link. Follow the set-up prompts on your compatible smartphone.

Entune™ 3.0 Audio/Entune™ 3.0 Audio Plus

On the **Entune™ 3.0 system**, select **APPS** to open the Apps menu screen. Press **[APPS]** on the faceplate, then select "SCOUT GPS Link".

**Requirements:**

**Full Moving Maps requires USB tethering:**

- Compatible smartphone.
- Connected via both USB-tethered smartphone cord and Bluetooth.
- Toyota recommends owners use the **original, or manufacturer approved**, USB charging and data cables with their respective smartphone. Attempting to use an aftermarket smartphone USB charging cable may result in not being able to take advantage of all functionality, including the MapStream™ capabilities, while using the Scout® GPS Link app.

**iOS Users:**

- Scout® GPS Link must be running in the foreground on your compatible smartphone in order to receive Full Moving Maps.
- During phone calls and other app usage on your smartphone, the moving maps will switch to Turn-By-Turn. Once Scout® GPS Link is placed back into the foreground Full Moving Maps will resume.

**Android Users:**

- Operating systems 4.4 or later must not be in **sleep mode**.

Several factors may affect smartphone and/or system performance *including*:

1. Smartphone operating system software version
2. Smartphone battery power level
3. Poor cellular reception to the smartphone
4. Multiple applications running on a smartphone at the same time.
5. Smartphone operating system updates may affect Entune™ 3.0 app functionality.

**SIRI® EYES FREE**

Using Siri® Eyes Free voice commands; you can make calls, send e-mails, retrieve text messages, select music, find calendar information and more.

- Pair compatible smartphones to the Entune™ 3.0 system easily via Bluetooth® wireless technology.
- Can access voice recognition system via the vehicle's steering wheel controls and the in-vehicle microphone.
- Responses are played back via the vehicle's audio speakers.

"Play The Weeknd for me"

"OK, I will play The Weeknd"

Push and hold the off hook switch 2–3 seconds to access Siri® Eyes Free.
